LEKELA

London is your base
Captained by Chris Antonopolous
Working everywhere, all continents globally
Supporting energy projects with your money
Thank you, Lekela Power

Great Ningo says "Thank you"
For coming to our land to support
The Upwind Ayitepa Wind Farm
With sustainable developmental community projects
Should the project area be zoned for the purpose of agricultural
activities,
To ensure food security for our people
As informed by the Ningo-Prampram District Assembly
Then we shall farm our food and eat from our farms.
We count on your support to make this dream a reality come 2017
Lekela Power, thank you

Lekela Power BV,
You have supported the Socio-economic Baseline Study
And the Livelihood Restoration Plan
For the eighteen communities influenced by the project
The study brought to bear our socio-economic standing
With your 'quick win' community social interventions
We are waiting for your planned refurbishments
Of the three selected schools within the area.
This, when done, will convince our people you have come
Lekela, you are welcome.
